At our school, we expect school employees, volunteers, contractors and clergy to proactively ensure the safety and wellbeing of students, to identify concerns about child safety and wellbeing and to take appropriate action if there are concerns about the safety and wellbeing of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection, and comply with all requirements. We have developed a [Child Safety Code of Conduct](#) which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children to safeguard them against abuse and/or neglect.

Our Code also protects school staff and volunteers through clarification of acceptable and unacceptable behaviour.

5. Student safety and participation and empowerment

At our school, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them, including expressing their identity. This may include expressions of culture, sexuality and gender.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report their concerns. We listen to and act on any concerns students raise with us or their parents or carers.

The curriculum design integrates appropriate knowledge and skills to enhance students' understanding of being safe and their rights to safety, information and participation. Teaching and learning strategies that acknowledge and support student agency and voice are implemented. We ensure that students are offered access to sexual abuse prevention programs and to relevant related information in an age-appropriate way.

We have developed appropriate education about:

- standards of behaviour for students attending our school

6. Reporting and responding

Our school creates records relevant to any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct and maintains and disposes of those records in accordance with security and privacy requirements and [Public Record Office Victoria Recordkeeping Standards](#) (including minimum retention periods). Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.), the *Child Wellbeing and Safety Act 2005* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's [PROTECT: Identifying and Responding to Abuse – Reporting Obligations Policy](#), sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a reasonable belief is formed under the reportable conduct scheme as well as mandatory reporting
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law, and their legal obligations relating to child abuse and grooming under criminal law
- understand and comply with information sharing and recordkeeping obligations
- comply with reporting obligations under the reportable conduct scheme including obligations to report and investigate allegations of reportable conduct.

Our school has also established additional internal procedures and processes to help ensure that appropriate action is taken to prevent, identify and respond to concerns about the wellbeing and/or safety of a student.

Our school is a prescribed Information Sharing Entity (ISE) meaning that, where legislated requirements are met, it can share confidential information with other ISEs to promote child wellbeing or safety under the CISS or FVISS.

At St Francis Xavier, if any member of our school community has concerns for a child's safety they need to discuss, they can notify any member of the Child Safe Team.

If the Principal or Child Safety and Wellbeing Officer is unavailable, then it should be discussed with a school leadership team member. Alternatively, any school community member may report directly to the responsible authority.

The staff member, supported by the Principal or designated Child Safety and Wellbeing Officer will follow the step-by-step guide to making a report as outlined in the [Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse](#).

7. Screening and recruitment of school staff

Our school leadership team members will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and wellbeing and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety and Wellbeing Policy.

Each job description for staff involved in child-connected work has a clear statement that sets out the requirements, duties and responsibilities regarding child safety and wellbeing for those in that

role and the occupant's essential qualifications, experience and attributes in relation to child safety and wellbeing.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we ensure that we gather, verify and record the following information about any person we propose to engage:

- proof of personal identity
- confirmation that the person has a current Working with Children clearance
- review of the results of a recent National Police Check
- evidence of current professional registration (as relevant)

We will also ensure that appropriate supervision or support arrangements are in place in relation to the induction of new school staff into the school's policies, codes, practices and procedures governing child safety and wellbeing and child-connected work.

We have procedures and processes for monitoring and assessing the continuing suitability of school staff and volunteers to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

The principal and principal's delegates of our school ensures the implementation of the following CECV guidelines:

- [*Guidelines on the Employment of Staff in Catholic Schools*](#)
- [*Guidelines on the Engagement of Volunteers in Catholic Schools*](#)
- [*Guidelines on the Engagement of Contractors in Catholic Schools*](#)
- [*NDIS/External Providers: Guidelines for Schools*](#).

8. Child safety and wellbeing – education and training for school staff

Our school's leadership team members provide employees, volunteers and clergy with regular and appropriate opportunities to develop their knowledge of, openness to, and ability to address child safety and wellbeing matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect.

At least annually, our professional learning and training addresses:

- staff's individual and collective obligations and responsibilities for managing the risk of child abuse
- preventing, identifying and mitigating child abuse risks in the school environment without compromising a child or student's right to privacy, access to information, social connections and learning opportunities
- the reportable conduct scheme
- our school's current child safety standards (including this Policy, the Child Safety Code of Conduct and any other policies and procedures relating to child safety and wellbeing, including in relation to managing complaints and concerns related to child abuse)
- guidance on recognising indicators of child harm including harm caused by other children and students
- guidance on responding effectively to issues of child safety and wellbeing and supporting colleagues who disclose harm, including their mandatory reporting obligations.
- guidance on how to build culturally safe environments for children and students
- guidance on their information sharing and recordkeeping obligations, including under the [Public Record Office Victoria Recordkeeping Standards](#) and our Child Safety and Wellbeing Recordkeeping policy [add hyperlink to your school policy]

9. Diversity and equity – strategies and actions

At our school, we are committed to ensuring that equity is upheld, and that diverse needs are respected in policy and practice. We aim to ensure that:

- all school staff and volunteers understand the diverse circumstances of children and students
- our school provides support and responds to vulnerable children and students
- children, students, staff, volunteers and the school community have access to information, support and complaints processes in ways that are culturally safe, accessible and easy to understand
- the school pays particular attention to the needs of students with disability, students from culturally and linguistically diverse backgrounds, students who are unable to live at home, international students, and LGBTIQ+ students
- the school pays particular attention to the needs of Aboriginal students and provides and promotes a culturally safe environment for them.

We do not tolerate discrimination, racism or bullying.

We are blessed to have a culturally diverse community at St Francis Xavier, including some children of indigenous background. Our four values of trust, respect, forgiveness and care are key to everything we do at St Francis Xavier and we use these as a touchstone with staff, students and families to guide our actions, our thinking and what we say. Our Wellbeing program ensures that our students develop positive relationships with staff and one another that can be drawn upon when there are any concerns or worries. Our Wellbeing curriculum includes a focus on elements such as inclusion, diversity, pro-social behaviour, racism and acceptance and is underpinned by a deep understanding of the way in which each of us has been created in the image and likeness of God. A restorative approach to any incidents between students assists in creating a culture of acceptance and responsibility.

10. Family engagement – strategies and actions

Our school staff ensure that families, carers and other members of the school community are informed about relevant child safety and wellbeing matters and are involved in the promotion of child safety and wellbeing at the school. We aim to ensure that:

- families participate in decisions relating to child safety and wellbeing which affect their child. Students with identified additional needs (learning and/or wellbeing) have Personalised Learning Plans which are regularly reviewed with families at Program Support Group meetings.
- we engage and openly communicate with families, carers and other members of the school community about our child safe approach. This is achieved through our school newsletters where we share policy and procedure documents, learning that is happening in the classroom and community events such as Bullying No Way! Day
- all members of the school community have access to information relating to child safety and wellbeing via the school website and/or through the newsletter
- families, carers and other members of the school community have the opportunity to provide input into the development and review of the school's child safety and wellbeing policies and practices. Two key forums for this are our School Advisory Council and our Parents & Friends Association.
- families, carers and other members of the school community are informed about the operations and governance of the school in relation to child safety and wellbeing.

11. Risk management

At our school, we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and annually review our risks and risk management strategies for child safety and wellbeing, evaluate the effectiveness of the implementation of our risk controls and ensure that the strategies change as needed and as new risks arise.

The Child Safe Team takes overall responsibility for ensuring St Francis Xavier is a child safe, inclusive community for each child. Our guiding document, the SFX Strategy to Embed a Culture of Child Safety, outlines the actions taken each term to ensure Child Safety is a continued priority and focus. This document is a dynamic one that is consistently reviewed and updated by the team and share with all staff so that each staff member is informed of their responsibility and roles in creating a child safe culture. The strategy covers all aspects of Child Safety including curriculum, online safety and education for students and parent, community events or activities, communication with stakeholders including families, policies and procedures and the updating of these and specific Child Safety initiatives. Meeting regularly enables the team to monitor and track the culture of the school and implement additional actions if required.

All visitors and volunteers to our school must complete a Code of Conduct and present their Working with Children Card prior to coming inside the premises. Once signed in, they are provided with a lanyard so staff and students are able to identify them. All third part contractors, including those that provide services for our students or use our facilities, are required to complete the necessary paperwork prior to commencing with us

Definitions

Child

Means a child or young person who is under the age of 18 years.

Child abuse

Child abuse includes:

- a) any act committed against a Child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the Crimes Act 1958 (grooming)
- b) the infliction, on a Child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm

- c) serious neglect of a Child.

Child safety

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to suspicions, incidents, disclosures or allegations of child abuse (Ministerial Order No. 1359).

Child neglect

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Child physical abuse

Child physical abuse generally consists of any non-accidental infliction of physical violence on a child by any person ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Child sexual abuse

Child sexual abuse is where a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Emotional child abuse

Occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Grooming

Grooming refers to predatory conduct engaged in by a person to prepare a child for sexual activity at a later date. This process of considering all relevant information and observations is known as forming a reasonable belief. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof, but is more than mere rumour or speculation. A reasonable belief is formed if a reasonable person in the same position would have formed the belief on the same grounds ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Reasonable belief – reportable conduct scheme

When a person has a reasonable belief that a worker/volunteer has committed reportable conduct or misconduct that may involve reportable conduct. A reasonable belief is more than suspicion and there must be some objective basis for the belief. It does not necessitate proof or require certainty.

Reportable conduct

Reportable conduct for the purposes of the Reportable Conduct Scheme is:

- a sexual offence committed against, with or in the presence of, a child, whether or not a criminal proceeding in relation to the offence has been commenced or concluded
